PURE LIME

FEMININE | FUNCTIONAL | FASHION | FIT

PURELIME SINCE 1995

TheSlice and the lime colour is our heritage. The four segments represent our philosophy: Feminine, Functional, Fashionable and perfect Fit.

BRAND VISION

Purelime is a Danish active wear brand created in 1995. The mission then was simple - to design active wear inspired by the healthy active lifestyle of Scandinavia. Our aim is to provide a collection of active and leisure wear for all types of woman around the world to help them reach their true potential that reflects their priority to look good and then perform.

LEISURE

The PureLime Leisure range is based on the greater fusion between fashion, sports and leisure wear. It is developed to meet the needs from fashionable women who want to look sporty – before, after and in-between training.

When choosing a PureLime Leisure style you get a fashionable garment that's great for relaxing and recovering in as well as enhancing shapes and comfortable soft fabrics that makes you look good. Many styles are also designed to be layered and definitely to feel cosy.

PURE  LIME

COATS AND JACKETS

New for Autumn/Winter 2016 PureLime is introducing a great line of coats & jackets with fashion and function considered as key elements. Besides the Rain Belt Coat all other styles are padded and have different volumes and shapes. All heavier styles are water repellent and breathable and the rain coat has welded seams and is waterproof.

PURE LIME

SEAMLESS
THE VITAL BASE LAYER

The fabric used for our seamless baselayer products is highly breathable for optimum comfort. It wicks sweat away from your body to the outer surface for quick drying and a great feel, whilst regulating body temperature.

Our fabric is designed to keep you warm in cold conditions and cool in high impact situations – which keeps your body in shape to help you achieve your maximum whatever the sport you are doing. The sides are ventilated and all styles have a snug stretch fit. All styles are in fashionable colours and perfect for both training and daily use.

PURE  LIME

SPORTS UNDERWEAR

WHY WEAR A SPORTS BRA?

The breasts are supported by the Cooper's Ligaments and any form of movement will cause stretch.

Investment in a quality sports bra such as PureLime's can reduce breast movement by as much as 75% resulting in a more comfortable workout, ultimately helping to reduce sagging and pain. Independent tests have shown PureLime sports bras to be the most comfortable and supportive amongst leading brands but above all, they look great.

Perfect FIT for both you and your training programme. No matter if you are large or small breasted a good fitting sports bra is an essential part of kit for every woman that exercises.

With one of the most extensive sports bra collections on the market today, spanning from 60B to 100J and covering every fitness program, high impact, low impact, interval and cross fit training.

There is a PureLime sports bra for everyone giving perfect support and fit.

PURE  LIFE

GIRLS ACTIVE

Our Girls Active range is divided into a Mini range for girls size 98-128 cms (age 3-8) and a Junior range for girls size 128-158 cms (age 8-13).

The Mini range has heart and butterfly themes in colorful designs and sweet all over patterns – in colours that all younger girls love.

The Junior range is fashionable in cool colours and designs.

With great prints and patterns, many styles can be used for both sporting and leisure activities.

BEHIND EVERY GARMENT AND SIZING

There is careful thought and reasoning behind every PureLime garment – this is the starting point when we create a new collection. Our name and logo is a woman's guarantee of quality.

FABRICS

Coolmax moves moisture quickly from the skin to the outer layer of the fabric and helps to keep the PureLime woman cool. The diamond shaped gusset has no uncomfortable seams and gives great freedom of movement.

Breathe Dri is a technical fabric with following innovative functions:

- Breathable - allows the body to breathe and control its own temperature
- Sweat Transporting - wicking the sweat away from the body to the outer surface to dry
- Cool Look and Feel - soft cotton like feel and look
- Quick Drying - dries very quickly to keep you comfortable
- Stretch Fit - gives a great fit while holding shape and giving support

Breathe Dri Active is super soft to the touch; the yarn is open so sweat can be readily absorbed and transferred for drying on the outer surface, thus keeping you dry and controlling body temperature.

Breathe Dri Power is a performance fabric specially produced for PureLime for interval training with a high impact. The fabric has wicking, breathing and compression properties to keep you dry, cool and to help prevent fatigue.

Breathe Dry Shaper is a heavier material with a soft touch, 4 way stretch which gives a tight compression to reduce muscle fatigue and give support.

Burn Out Light is a very light and functional fabric which is very suitable for layering with PureLime's Seamless collection.

Cotton Light is a combination of long fibre cotton that gives a soft touch and a smooth clean surface. It's mixed with 5% elastane to give a better fit and stretch for enhanced freedom of movement.

Soft Touch is a combination of 50% viscose and 50% cotton which gives the style a very light and fashionable look, perfect for layering. The viscose gives the fabric functionality whilst the cotton adds to comfort and softness.

Supersoft Cotton Dry a very light fabric with a special developed construction: it's a mix of cotton and polyester but with all the polyester yarn in the centre. This means you have cotton against your skin to give a lovely soft touch whilst the central polyester yarn transports the sweat from the inside to the outside and the outer cotton layer helping to quickly spread the sweat on the surface to dissipate so you always stay dry and feel comfortable.

PureLime Sizing Guide - Body size versa PureLime clothing size.

The measurements in the size chart are the womens body measurements.
